CITY COUNCIL AGENDA REPORT

SUBJECT: A Resolution Approving the Submittal of an Application for Funding from the Department of Transportation Environmental Justice Planning Grant Program for the Calexico Border Transportation Transfer Facility Feasibility Study

AGENDA DATE: April 20, 2010

PREPARED BY: Luis Estrada, Director of Utility Services 

APPROVED FOR AGENDA BY: Victor Carrillo, City Manager

RECOMMENDATION: It is recommended the City Council approve the following:

1. A Resolution Approving the Submittal of an Application for Funding from the Department of Transportation Environmental Justice Planning Grant Program for the Calexico Border Transportation Transfer Facility Feasibility Study

FISCAL IMPACT: \$123,150 (D.O.T \$110,835, City \$12,315 – In-Kind)

BACKGROUND INFORMATION: (Prior action/information)

The purpose of this grant request is to determine the effectiveness and feasibility of constructing and operating a border transportation transfer facility in the City of Calexico. The facility would be located in an area near pedestrian and vehicle crossing border gates and would be designed to accommodate pedestrians and vehicles crossing for the purpose of accessing jobs in the region. Farm labor contractors and other employers could pick up their workers at the facility, which could be outfitted with sanitary facilities and shaded seating areas.

DISCUSSION (Current consideration):

The grant request would provide funds to complete a review the community's perceptions of issues related to border traffic, need for the facility, extent of the negative impacts, quantify the number of workers served by the facility and determine the size of the proposed facility and available funding. The proposed study would also inventory the availability of potential sites, evaluate related constraints and propose recommended facilities and sizes to accommodate existing and future demand. A preliminary financial feasibility analysis will also be provided combined with potential funding sources to acquire necessary real estate and construct the physical improvements.
